HAMLIN, JONES COUNTY, TEXAS, FRIDAY, SEPTEMBER 27, 1946

NUMBER 47

Suicide Seen In Cornelius Twin Deaths

1-MONTH-OLD SON KILLED AND MOTHER SHOTS SELF, IS VERDICT OF INQUEST

Mrs. M. D. Cornelius, 24, daughter of Mr. and Mrs. John Sledge of Hamlin, was found dead Monday morning, 10:30 o'clock, in her apartment at Abilene and Marion D. Cornelius Jr., her son, only 25 months old, was found fatally wounded, The Herald learns.

The boy died Monday night at Hendrick Memorial Hospital at 10:27 o'clock, where the child had been receiving treatment for pistol wounds inflicted Monday morning.

Justice of the Peace W. J. Cunningham, who investigated the tragedy with County Attorney Theobald, reports the body of Mrs. Cornelius was discovered by two women in the bathroom floor and that of her son, lying on the trunk in the bathroom.

Mrs. Margaret Higgins and Mrs. H. L. Sledge, who live in the same apartment house as the Cornelius family, forced their way into the Cornelius apartment by removing the screen door which was locked.

The boy was wounded through the head, a physician said. Ash states a bullet apparently entered the woman's mouth and came out the top of her head. A pistol was clutched in Mrs. Cornelius' hand, one empty shell was found on the trunk in the bathroom and one on the nearby kitchen floor, officers reported.

Mrs. Cornelius' husband, store manager at the Windsor Hotel, was at work when the shooting occurred, the county attorney reported. The couple was married in November, 1942, and had resided at the South end apartment since September of 1945. Mrs. Cornelius was the daughter of Mr. and Mrs. John Sledge of Hamlin.

Joint funeral services for Mrs. Cornelius and her small son were conducted Tuesday afternoon, 3:30 o'clock, at Hamlin's First Baptist church. Rev. John Osteen pastor, officiated.

Pallbearers were Marvin Carlton, J. Whaley, Charles Prater, Tom Scarborough, John Kent Jones and Cliff Reynolds Jr.

Those in charge of floral offerings are Mmes. Lucille Wilbanks, J. B. Terrell Jr., Cliff Reynolds Jr., E. J. Whaley, L. C. Barnes and Tess Butler.

A coroner's verdict rendered Tuesday in Abilene by Justice of the Peace W. J. Cunningham was that Mrs. Cornelius, 24, died Monday morning of pistol wounds self-inflicted and that her son, M. D. Cornelius Jr., died of pistol wounds inflicted by the mother.

Elliott's Funeral Home was in charge of arrangements, and mother and child were laid to rest in East cemetery.

Mrs. Cornelius is survived by her husband, M. D. Cornelius Sr. of Abilene; her sister, Mrs. Juanita Harrell, and her parents, Mr. and Mrs. John Sledge of Hamlin.

Hamlin Area Grain Growers Break Land For Sowing of Wheat

Fortified by recent rains, Hamlin area farmers are this week breaking considerable amount of grain land and seeding fallowed soil to wheat, a principal crop, and other small grains.

Farmers breaking land this week say they are killing one of the thickest stands of weeds seen here in several falls.

Seed wheat is selling for \$2.50 per bushel on an average at the barn. Sacked and cleaned seed wheat is selling for \$2.75 per bushel in town.

Seed oats, cleaned and sacked, are selling for prices from \$1.10 to \$1.35 per bushel. In this immediate vicinity oats and barley are used only for pasturage, with wheat as a major money crop.

COTTON LOANS TO BE MADE ON BASIS 24.21 CENTS POUND

Cotton loans will again be made for Hamlin area and Jones County farmers this fall by the Commodity Credit Corporation on 1946 cotton, with the Jones County loan rate set at 24.21 cents per pound on basis of fifteen-sixteenths inch staple, middling.

Cotton loan papers will be prepared, as in other years, and producers wishing to place their cotton in the loan should contact the local bank or AAA office for additional information.

Due to present high price of cotton on the open market, it is estimated that only a small portion of this year's crop will be placed in the loan.

Farmers of this area are reminded that all cotton still under the 1945 crop loan on October 1, 1946, will be pooled for the producer's account by Commodity Credit Corporation.

FALL USHERED IN SUNDAY ON HEELS OF SANDSTORM

Fall officially was ushered in here Monday on the heels of a sandstorm and cool wave Sunday night that sent the temperature down to a comfortable 50 degrees.

Winds traveling at 35 and 40 miles an hour kicked up a "cracker jack" fall sandstorm Sunday afternoon. Visibility was cut down, considerably, and light planes in the area were grounded after the gale struck.

Equinox arrived Saturday to make the day and night of equal length. Henceforth, the nights will begin getting longer and if the weather prognosticators are correct, we will not experience very much more hot weather.

With summer blending into autumn, Hamlin area people are checking on heating equipment and otherwise preparing for cooler weather ahead.

Sunday afternoon's cold front featured a 20-degree fall of temperature within one hour.

DEMAND BRISK FOR COTTON PICKERS IN HAMLIN VICINITY

Demand for cotton pickers remains exceptionally good this week, and with advent of sunny skies, farmers are making good headway with the initial crop movement.

Information gathered by The Herald reveals customary price for cotton bolling around Hamlin and over Jones County to be 1.50 per 100 pounds.

There is no indication that farmers will press for setting of ceiling prices on cotton bolling this fall.

Information released through the farm labor program, Texas Extension Service, reveals there will be as many Mexican laborers available this season as last year.

Outside of several counties in this immediate area, the cotton picture in much of West Texas is gloomy. Thousands of acres on the South Plains are barren of cotton and in many sectors of West Texas not a sack will be put in fields.

Lapse of the OPA June 30 and subsequent failure of OPA to make controls as wide as previously would leave a loop hole by which a proper, anyway, could circumvent a ceiling price.

Two Jones County Boys Enlist in Air Corps Unit

Billy Gene Holden and James D. Crumpler are two more Jones County boys who have enlisted in the air corps for three year "hitches."

Billy Gene is the son of Mr. and Mrs. Franklin E. Holden of Hamlin. James is the son of Mr. and Mrs. L. D. Crumpler of Route 2, Anson. Holden was a truck driver before he volunteered for service and Crumpler was a farmer for four years.

Topping for Highway to Go On Soon

ASPHALT SURFACING ON ROUTE TO McCULLY WAITING ON ARRIVAL OF MATERIALS

Work on the Hamlin McCaulley Highway, 7.96 miles in length, progressed this week to the point where finishing work is in order and hot top or asphalt work will begin in a few days.

Plans called for some hot topping last week, but equipment and materials for paving are still hard to get.

Contractor on the vitally important highway is Hugh McMillan of El Paso.

From the strip of farm market pavement immediately southwest of Hamlin, the new highway parallels the Santa Fe through McCaulley and intersects with U. S. Highway 180 in Fisher County, east of the overpass.

Contract, it will be recalled, for an extension on to Sylvester and thence through Longworth to the Roby-Sweetwater makes this project one of the most important at this time in the county.

Grading and drainage structure work on the Hamlin-McCaulley road has been watched closely by area people, because prospects of an all-weather outlet to the East-West Highway, or U. S. Highway 180, means more business for this general area.

Coat of select caliche on the highway was given another "wetting down" and packing Monday through Wednesday—preparatory to starting of hot topping.

Brookie Pitcock Takes Diesel Engine Course

Hamlin friends are advised that Private First Class Brookie L. Pitcock, son of Mr. and Mrs. J. S. Pitcock of Hamlin, has graduated from the Special Diesel School at the Orlando School, Aberdeen Proving Ground, Maryland.

Private Pitcock is married to the former Margaret Ann Edison of Edinburg. Pitcock will soon return to his regular station, where his address will be Fort Linton, Washington.

Wilcox Building Nearly Up

Ben Wilcox is completing a nice concrete tile residence on the Stamford Highway, north side and across from Panhandle Refining Company warehouse, that has two upstairs rooms. The structure is being plastered inside and out.

NEW STRUCTURE TO HOUSE AUTO AND TRACTOR AGENCY

Another new business structure going up in Hamlin is a 70 by 50-foot building of concrete tile, two blocks east of Hamlin Ice Company on south side of the Stamford Highway, that will be home of the Kaiser-Frazier automobile and tractor agency here.

The new structure will be plastered inside and out. A. G. (Jimmy) Irwin of Colorado City, who moved here two months ago with his wife and two children, has Hamlin agency for both the new lines of automobiles and tractors.

Mr. and Mrs. Irwin were in Big Spring a week ago, where the opening show for Kaiser-Frazier automobiles was held. Each dealer is due to have two of the cars on display by October 15.

In addition to Kaiser-Frazier cars and tractors, Mr. Irwin will operate a garage, with an A-1 mechanic in charge.

HAMLIN VETS GO TO DISTRICT VFW MEET HELD AT ABILENE

Hamlin and Jones County were well represented Saturday and Sunday in Abilene, at the district convention of Veterans of Foreign Wars.

Hamlin attendants included Hamlin Post Commander Lewis C. Yates and wife, Mr. and Mrs. B. A. Shaffer, Arlie Cassle, James Woods, Thomas L. Scarborough, Otis Hulen and Jack Holt.

Registration began Saturday night with a dance at the VFW Three Acres Estate.

District conclave was called to order Sunday morning by L. J. Lofley, district commander. A barbecue was staged at noon and a brief business session followed.

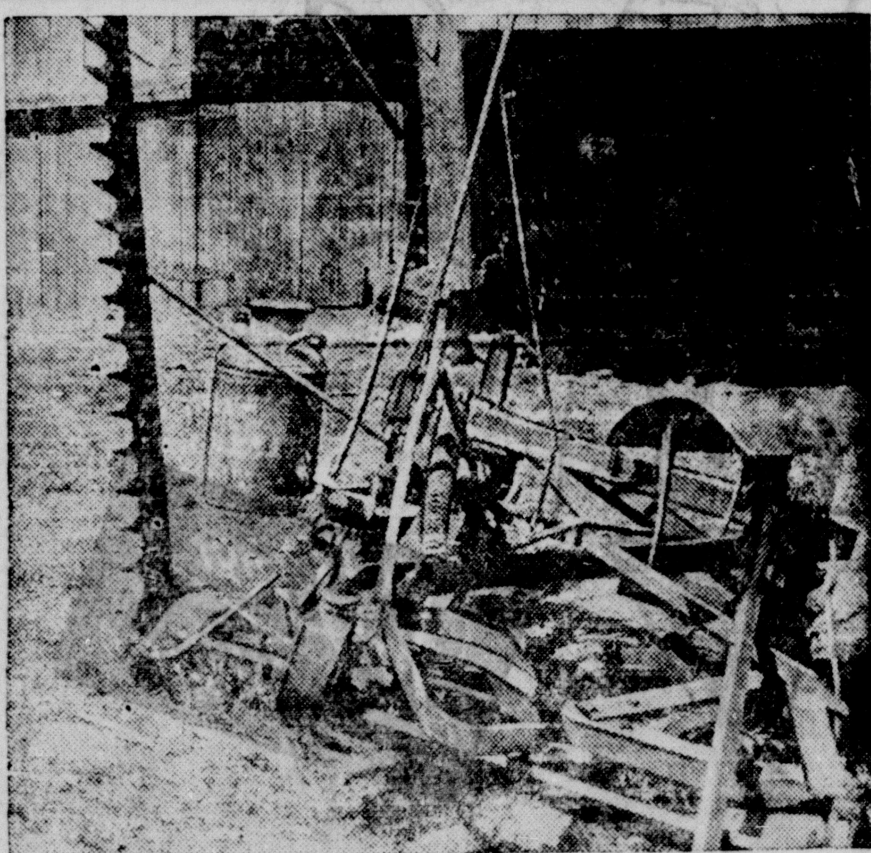

Officials of the state VFW organization to Hamlin, 21 other towns of this area were represented at the conclave.

Pipers Meet Haskell in Grid Game Friday Here

After two games that did not count in district competition, Hamlin High School Pipers will "get down to cases" Friday night when they meet the Haskell High School Indians in the first District 11-A conference tilt. The game will be played on Piper Field, beginning at 8:00 o'clock.

Coaches L. B. Howard and Marvin Carlton say their charges have come through the first two games with few injuries and line-up will be complete Friday night.

FARM SCRAP NEEDED NOW BY STEEL MILLS

Farmers can help themselves to get steel—whether it be a new piece of farm machinery, an automobile, a keg of nails, a roll of fencing or other products—by taking their accumulated scrap to the nearest scrap dealer, the committee on iron and steel scrap of the American Iron and

Steel Institute declared this week. Typical scene of many farms of the area is shown above revealing discarded equipment that may be turned into new requirements. Steel mills report a tremendous shortage of materials as they endeavor to catch up with demands.

Oil Interest Shifts to Deep Zone to West

BIDS ON HOSPITAL SHOOT OVER FUNDS SLATED FOR UNIT

Last Thursday the Hamlin Hospital board of directors opened bids for the construction of the hospital building. This was a trail effort and revealed that our type of building was calling for much steel and other hard-to-get items that made the bidders shoot high to play entirely safe.

Plans and specifications called for a two-story, fire-proof structure, of 35 rooms besides the waiting room and the corridors. The bids were for turn key jobs, with all conveniences installed.

The bids revealed that to get the kind of hospital building we want, with the funds available now, we must revise our set-up to eliminate much of the structural steel and other items desired in order to get started soon.

Bids received were as follows: J. L. Hair Construction Company of Wichita Falls, \$68,958; Taylor-Howe Company of Wichita Falls, estimate \$64,507, plus a stipulated fee of \$9,600; Murph & Taylor of Wichita Falls, \$71,775; Walter Belfanz of Abilene, estimate bid, \$61,300, plus fee of \$7,000; T. E. Shelburne & Son of Hamlin, no estimate of cost but fee bid of \$4,000.

By next week the board should be in position to know what revisions and cuts must be made to get started, on a basis that will enable the building to proceed at once with a reasonable chance for rapid completion. Again let it be understood that it is an enterprise Hamlin must have and every family will be benefitted by it to an extent far more than the cost.

Charter memberships will be held open at the same price until 800 families have joined. The board needs your support. Send in your application for membership.—Bowen Pope.

COTTON GINNINGS AT HAMLIN REACH TOTAL 145 BALES

Hamlin cotton ginnings for the 1946 season, through Wednesday, totaled 154 bales, and observers believe the fleecy staple will be rolling in regularly—if pretty weather prevails.

The town's two gins in operation, plus the one at Neinda, have noticed a nice increase in cotton coming in this week.

The Hamlin area still reports a sharp demand for cotton pickers, although a good number of Mexicans have been arriving from South Texas and the Rio Grande Valley.

Recent rains have added in reviving cotton crops, and small grain is improving day by day.

Observers are speaking in terms of from 2,500 to 3,000 bales of cotton for Hamlin gins this season.

Clifford L. Jameson in Airborne Unit in Japan

Private Clifford L. Jameson, son of B. Jameson of Hamlin, has recently been assigned to the 152nd Airborne Anti Aircraft Battalion, which is a part of the 11th Airborne Division now stationed at Mucoran, Japan.

Clifford, the Eighth Army reports, has volunteered for the paratroops, and will take his jump training in the near future at Sendai, Japan.

Private Jameson has choice of a great many recreational activities with the 152nd Airborne Anti-Aircraft Battalion, including horseback riding, fishing trips and all kinds of athletics. The Unit School has a wide choice of subjects that may be taken by battalion members.

Before induction into the army young Jameson was employed as a farmer and rancher.

EXPLORATION BETWEEN CITY AND ROTAN MAY OPEN UP NEW PAYING LEVEL

Attention of operators this week swung westward from Hamlin, where deep production prospects are claiming top interest.

Drilling is underway this week on an Ellenburger test 10 miles west of Hamlin, and a Palo Pinto reef test is scheduled nine miles north of Trent.

Rig has been moved in and surface casing was set over the week-end on the Ellis A. Hall No. 1 J. B. Terrell, Ellenburger test 10 miles west of town, and located 660 feet from the north and west lines of Section 80, H & TC Survey.

It is understood contract on this Ellenburger test calls for 6,000 feet with rotary equipment.

Operators have viewed the area midway between Hamlin and Rotan as likely Ellenburger pay for some time. Geology in this vicinity is of the best.

New wildcat for southern Fisher County, and one that interests Jones County operators, about three miles north of the Escota discovery (Skelly Oil company No. 1 Huddleston), is the Horne Oil Company of Fort Worth No. 1 J. W. Wheeler Jr. test.

The Horne No. 1 Wheeler, a 4,500 rotary project, has been staked 330 feet from the north and east lines of George Creath Survey 221. Rig for the test is slated to be moved in this week.

Another area test of considerable interest is a mile east of Longworth, where top Ellenburger is expected this week on the T. A. Kirk and L. H. Choat No. 1 T. G. Stevenson, 660 feet from the south and east lines of Section 5, John Rodman Survey. The project is drilling ahead below 5,500 feet, with the Ellenburger expected around 6,000 feet.

The Herald learns more circulation troubles have been encountered for the H. W. Snowden Oil & Gas Co. Ltd. No. 1 B. F. McGee, Ellenburger test five miles north of Sweetwater.

Drilling has been resumed below 3,380 feet on the Skelly Oil Company No. 3-A D. O. Huddleston, first extension try for the Escota discovery in the Palo Pinto reef, but top of the pay is not yet expected for seven to eight more days.

Hamlin people are considerably interested in results near the west line of the county, where Crown Central Petroleum Corporation No. 1 J. A. Butler is testing the Canyon sand at 4,224-42 feet. Project was plugged back from the Palo Pinto.

Promise of completion as one of the best wells ever drilled in the Taylor-Jones Reddin field is reported to The Herald for the New Idria Quicksilver Mining Company No. 6 J. H. F. Jones, on the field's east side.

Initial estimate of 112 barrels per hour from the King sand at 2,599-2,632 feet was made on the well on basis of a drill steam test in the formation.

When tool was opened gas rose to the surface in two and one-half minutes and the pipe filled with oil and was flowing steadily at end of 30 minutes. No water is reported for the test. Location of the well is 1,650 feet from the west and 2,207 feet from the north line of Section 26, Block 17, T & P Survey.

Simpsons Attend State Confab of Grocers

Mr. and Mrs. Joe Simpson of Hamlin attended the Texas Retail Grocers Association's nineteenth annual convention, which was held in Galveston from Sunday through Wednesday.

The four-day convention opened Sunday with registration. On the Monday program a talk by John C. Milton of the American Meat Institute on "The Meat Situation" was reported by the Simpsons to worth the entire trip.

Sponsors of the annual conclave included the larger wholesale firms of the Southwest. Sessions of the convention were held at the Buccaneer Hotel.

OF INTEREST TO WOMEN

Two Recent Brides Honored at Shower

Mrs. L. B. Bruner and Mrs. Eddie Carpenter were honored Friday evening with a bridal shower by Viola and Jo Embrey in the home of Mrs. Dan Branscum.

Those present and sending gifts were:

Jo Embrey, Viola Embrey, Mrs. Rosie Embrey, Mrs. A. B. Counts, Miss Wanda Corrigan, Mrs. Bill Donham, Mrs. Jim Johnson, Miss Billie Adair, Mrs. Olen Butler, Agnes Fry, Mrs. L. O. Carpenter, Mrs. C. B. Alls, Mrs. J. R. Butler, Mr. and Mrs. C. M. Shipman, Mrs. John Collins, Mrs. B. A. Carpenter, Mrs. G. W. Drummond, Mrs. Audius Kennedy, Mrs. Roy Bruner, Mrs. J. A. Branscum, Mrs. D. L. Branscum, Mrs. Richard Belt and Mrs. J. W. Griffin.

Beta Sigma Pi Group Enjoys Party at Lake

Beta Sigma Pi members of the Hamlin unit met Tuesday night, September 17, for a bride and forty-two party at Moore Lake in the Carmichael cabin.

Refreshments were served to regular members and guests. Regular members who attended were: Mmes. Stanley Carmichael, John Ed Day, C. F. Butcher, Ernest Jenkins, Arline Morgan, Ray Willingham, Miss Marguerite Nobles and Miss Edwina Gilbert. Guests were: Mmes. Lovell Shell, Clifford Reynolds, Kenneth Parler, Fred B. Moore Jr. and Marvin D. Carlton.

MARRIES RECENTLY

Before her marriage to Dan Meads on September 14 at Slaton Mrs. Dan Meads, above, was Thelma Carlton, daughter of Mr. and Mrs. D. W. Carlton of Hamlin. She is a graduate of Hamlin High School and a pupil in a business school at Lubbock. The couple will make their home here.

Hamlin Homemakers Hold Initiation Rites

In their first meeting of the year the Hamlin Chapter of the Future Homemakers of America, Texas Association, met Monday night, September 23 in the homemaking rooms of the high school.

Program consisted of an initiation ceremony as suggested by the national handbook which included a candlelight ceremony. Officers and guides repeated the purposes, creed and work of the organization during the ceremony after which Edith Ann Scott gave a talk on the FHA organization.

Red roses and red and white candles were used to decorate the table where the officers were seated. The officers are: Bettye Sellers, president; La Nell Coltharp, vice president; Suzanne Toler, secretary; Alice Beene, treasurer; Lela Mae Brigham, parliamentarian; and Mrs. Camille Simmons, sponsor.

Punch and cookies were served to 38 members, which included 13 new ones.

Frances Davison Weds Dallas Man at McKinney

In a candlelight ceremony in the home of Mrs. Marguerite Geer at McKinney, Frances Davison, daughter of Mr. and Mrs. W. F. Davison of McCaulley, was united in marriage to J. Lewis Williams, son of Mr. and Mrs. W. H. Williams of Dallas. Rev. Kenneth M. Hay, pastor of the First Christian Church, performed the impressive double ring ceremony before an improvised altar of white glad-olli and standing candelabra holding white tapers.

The bride, lovely in a pheasant brown suit with brown accessories, carried a white satin prayer book topped with a white orchid. Jewel Davison was maid-of-honor.

Attending the groom as best man was his brother, Norman Williams. Mrs. Ross Orenduff, at the piano, and Doris Turentine, who sang "Because," provided the nuptial music.

At the reception following the ceremony Mrs. Geer cut the three-tiered wedding cake. Out-of-town guests included Mr. and Mrs. N. H. Williams, Al Williams, Mr. and Mrs. Norman Williams and daughter, Linda, of Dallas, Mr. and Mrs. Horace McCain of Gainesville and Jewel Davison of Fort Worth.

After a short wedding trip Mr. and Mrs. Williams will be at home at Dallas.

Mrs. Williams is a graduate of North Texas State College at Denton where she was a member of Delta Psi Kappa Sorority and president of the Green Jackets.

Williams attended Southern Methodist University at Dallas, where he was a member of Kappa Alpha Fraternity.

Hamlin Sub-Deb Club Enjoys Coke Supper

Hamlin's Sub-Deb Club had a coke supper Tuesday evening at the home of Shirley Baggett honoring the organization's 14 pledges.

Following the supper the senior members took their little sisters to the show. The sponsor, Mrs. James L. Blanton, and all pledges except two were present for the festive event.

Mr. and Mrs. Charles E. Brewer and children, Jerry, Charles Lynn and Mickie returned to their home at McCamey after spending a few days with her parents, Mr. and Mrs. Gus Travis.

Bridal Tea Given For Mrs. Loss Story

Mrs. Claud Bessire and Mrs. Bruce Hallmark were hostesses at a bridal tea in the home of the latter honoring Mrs. Loss Story, a recent bride, who before her marriage was Betty Jo Green.

The guests registered in a handmade bride's book arranged by the bride's sister, Hopie Green, who was bridesmaid at the wedding in Anson.

The bride was invited to a table covered with lovely gifts. Betty Jean Hines presented each gift to the bride, and she in turn showed them to the guests.

Refreshments were passed and favors of tiny cellophane bags of rice tied with pink ribbon were presented to Mmes. J. L. Blanton Sr., Earl Sampson, Eddie B. Hopper, J. C. Green, Floy Wallace, J. R. Elliott Sr., Charlie Polk, Celia Mervorth, George Campell, Wade Green, L. B. Holden, Annie Bell Sills, M. L. Rhoton, Sim Martin, Clifford Lockhart, Dott Fuller, Normey Crowley, C. L. Carter, Gilbert Bowman Sr., Grace Dominey, Lester Hopper, Dub Roy Dunn, Ira Green; Misses Joan Green, Frances Martin, Kay Bessire, Irma Lee Green, Bettie Hines, Hope Green, Billie Fern Sylvester, Nita Green; and the hostesses.

The honoree received other gifts from out-of-town.

Miss Dorothy Tindal of Salem, Oregon, daughter of Mr. and Mrs. Carl Tindal is visiting the Claud Greens at Swenson this week.

Mr. and Mrs. Tom Evans of Nona are visiting their daughter, Mrs. Gus Travis for a few weeks.

Mr. and Mrs. Bert Reynolds and children, Glenn and Carol Ann from Clovis, New Mexico spent the weekend with relatives and friends in and around Hamlin.

Woman's Literary Club To Meet at Luncheon

The Woman's Literary Club will begin its 1946-1947 club season with a covered dish luncheon on Friday, October 4, at 1:00 p. m., in the home of Mrs. W. A. Albritton, it was announced this week.

The initial club meeting of the season will honor the president, Mrs. O. D. Rowland.

Roll call for the day will be "Somewhere I've Read." After Mrs. Rowland gives the president's message and response is given by Mrs. Tarleton Willingham, the yearbooks will be presented and discussed by Mrs. Jim H. King, second vice president.

Course of study selected by the club is Book Reviews and Programs from the General Federation.

Arrangements committee for the luncheon is composed of Mrs. W. A. Albritton, Mrs. Henry Albritton and Mrs. H. O. Cassle.

Mmes. W. L. Boyd Jr., Thomas Ferguson, John Howard Jr., Fred Smith and John D. Ferguson compose the menu committee.

Party at Stamford to Climax Girls' Drive

High tide mark of the Camp Fire Girls annual membership drive for Hamlin girls this week will be a party that will be staged Saturday at the American Legion Hut in Stamford.

Camp Fire Girls officials say all Horizon Club members, made up of senior high school and junior college age, will participate in Saturday's party.

Annual Camp Fire Girls Member March, nationwide in scope, will continue through November 30.

A reporter learned this week that the American Legion Auxiliary sponsors a Camp Fire group here, new leaders and sponsors for which are now being selected.

Beryle Jo Travis visited friends in Rotan Sunday. She also attended the afternoon session at the skating rink.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

OIL LEASING BRINGS IN STEADY INCOME TO HAMLIN AREA LAND OWNERS NOWADAYS

Hamlin area land owners are realizing a steady income from oil leases that greatly supplements receipts from crops and livestock, which accounts for the stability of much of the community—come what may with weather, prices and other contingencies.

Farmers & Merchants National Bank at Hamlin report that checks coming to depositors from leases constitute a nice portion of their transactions. Especially during the last few weeks has leasing been active, local lease blockers tell The Herald.

Hamlin area leasing is only a part of the huge business contributed to the area by oil. Nearly 900,000 Texans are living directly from the petroleum industry, figures just coming out of the Texas Mid-Continent Oil & Gas Association show. This huge Texas petroleum family, spread throughout the state, is made up of 211,225 workers who are their dependents total 887,145 persons. The wage-earners of this industry last year received \$560,000,000 in wages and salaries, or virtually 39 per cent of every dollar spent by the petroleum industry. Texas farmers, ranchers and other landowners received \$215,000,000 a year in oil and gas lease and royalty payments. State and local collectors took \$95,502,000, much of which went for salaries of teach-

ers, public officials and their employees while \$65,000,000 was paid the Federal government, for a total 1945 tax bill of \$160,502,000. This did not include gasoline taxes paid by the motoring public on the industry's principal product.

Texas petroleum industry paid out a total of \$946,536,000 last year for wages and salaries, lease and royalty payments, state and local taxes, contract drilling and geophysical prospecting, most of which went directly to Texans. These expenditures represent 65 cents of every dollar spent by the industry.

"This is by no means all the money expended by the Texas petroleum industry which benefits the State and all its people," Fred W. Shield, association president, pointed out. "Just as those who work for the railroads and shipping concerns and the banks receive a substantial share of their incomes from expenditures of the petroleum industry, so many thousands of men and women in other lines of business also attribute part of their incomes to petroleum. When the purchases of the industry's employees in their own communities are considered, it is really seen that there is hardly any business in Texas which in one way or the other receive income from oil and gas. The huge payroll and other expenditures create a tremendous buying power for the necessities of life which benefit practically every line of business in almost every community in the State.

"All told, the state and its people are the direct beneficiaries of a major share of the \$1,449,719,000 expended in 1945 by Texas' largest industry. A relatively small share of the money which it spent for goods and services goes out of our state."

Be a Watchful Driver.

The motorist who lets the steering wheel of a car become a wheel of chance is gambling with injury or death. If you don't want to gamble with accidents, the Texas Safety Association suggests that you observe the following safe driving rules: Always keep your eyes alert; always keep your hands on the wheel; never light a cigaret or wave to a friend while driving. Constant watchfulness is a good watchword. One second of inattention may mean tragedy.

Right motives give pinions to thought, and strength and freedom to speech and action.—Eddy.

COTTON COMMUTERS

Cool and practical for warm weather wear is this pale blue cotton two-piece worn by Frances Gifford, M-G-M player. The dress, which looks like a suit, is good for marketing in the village, equally good in the city. It is printed with a cross and ball design in black, has a black insert on the yoke of the jacket.

Caution in Handling Livestock Will Prevent Many Farm Accidents

Crowding pens and loading chutes will prevent many unnecessary injuries to Hamlin area farm people in handling livestock, says H. C. Stanley Jr., Jones County agent.

The use of practical handling facilities will enable the person working the stock to get the job done better as well as ward off personal injuries. By handling cattle in small, improperly fenced pens, farm people receive too many unnecessary injuries, Stanley says. Crowding pens and loading chutes will prevent being shoved against fence or kicked severely.

Stanley recommends dehorning cattle, as a protection to the worker as well as other cattle. The long tusks on old boars are another dangerous weapon, and should be clipped. A ring should be put in the nose of the old bull, and he should be handled at all times as if he were dangerous. Nervous or excitable livestock might be marketed, as these are the animals the worker will most likely lose patience with, and injuries occur when patience is lost.

One-hundred-dollar bills have Benjamin Franklin's photograph on them.

CRIMINALS PREYING IN RURAL AREAS AT INCREASING RATE

With reporting last week of several burglaries in Hamlin, people are reminded that criminals are preying upon the rural population of Texas at nearly double the rate of two and a half years ago, according to Director Homer Garrison of the Department of Public Safety.

Garrison said rural crime increased 85.27 per cent from the first six months of 1944 to the first six months of 1946.

Biggest gain was in robbery, up 158 per cent. Another staggering gain was shown in burglary, up 112 per cent. Auto theft jumped 96 per cent; felony theft 61 per cent; murder and homicide 55 per cent; and rape 48 per cent.

During the same period crime increased 42 per cent in the cities. The overall gain for both rural and urban jurisdictions was 54.54 per cent.

Garrison said law enforcement officers are "holding their own against long odds," for arrests have increased in direct proportion to the gain in crime.

Convictions, however, are lagging behind. The penitentiary system received 930 new prisoners in the first half of 1944; 862 in the first half of 1945; and 1,221 in the first half of 1946, Garrison said. This represented an increase of 31 per cent from the 1944 to the 1946 period.

Men must be decided on what they will not do, and then they are able to act with vigor in what they ought to do.—Mencius.

Some fellows go to bed with the chickens; other stay up with the owls.

COTTON QUIZ
WHAT ARE "FIBER-BONDED" COTTONS?

ANS.—THESE ARE COTTONS TREATED WITH PLASTICS TO INCREASE THEIR NORMAL STRENGTH BY 50 TO 150 PER CENT. "FIBER BONDING" ELIMINATES HALF OF THE PROCESS OF MANUFACTURING COTTON GOODS

The face of a coin is called its obverse side.

In the works of man as in those of nature it is the intention which is chiefly worth studying.—Goethe.

Snyder Says Consumer Demand Is Steady

Secretary of the Treasury John W. Snyder, in a release for local use, says "there is a steadying on the part of consumer demand now."

Snyder also expresses the opinion that banks should use a great deal of caution making extended loans on a very narrow margin of collateral.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

THE VALUE OF A SIMPLE LITTLE SMILE

A smile costs nothing, but gives much. It enriches those who receive it, without making poorer him who gives it. It takes but a moment, but the memory of it may last forever. None is so rich or mighty that he can get along without it; none so poor but he can be made rich by it. A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship.

It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and is nature's best antidote for trouble. It cannot be bought, borrowed, begged or stolen, and is of no value unless it is freely given away.

CAMP FIRE GIRLS ARE ON THE MARCH

No worthier compliment to young womanhood could be paid by Hamlin people at this time than their united support of Camp Fire Girls as they get underway with the organization's annual membership drive.

Not only does the Camp Fire Girls movement afford wholesome recreation for teen-age girls and mold character of the highest caliber, but camping activities and outdoor gatherings help prepare girls for rich lives when they mature. The younger generation will hardly tolerate young women who cannot cook, who know not how to sew or knit, and in Camp Fire Girls training is found the ideal answer to preparation for a life of usefulness and spiritual uplift for any community.

The women of tomorrow who will lead this globe into a better world, the ladies in shining armor who will accomplish the most in art, science, the professions and most important of all—homemaking—can find no better training than that offered by the Camp Fire Girls.

CURING PLANT TO BRIGHTEN MEAT PICTURE

With announcement that Hamlin will have soon a modern meat curing plant with 300 new lockers, picture of "groceries" for the average citizen's table is brightening constantly. Not only will such a plant make meat available year around to a greater number of people but interest in better blooded livestock, slaughter of only top animals for home consumption will aid through the years this entire farming and ranching section.

Strangely enough locker plants usually increase the sale of meat and meat products in a community. Such plants, making possible refrigeration of pork, beef and mutton any time a person desires, make for a healthier population and automatically increase livestock values in the general trade zone.

Time was, of course, when people in this thinly settled sector of the nation could hang beef or pork on windmills, on the north side of the house, or in trees and have meat through the winter and spring. The atmosphere has become laden with so much smoke and bacteria, however, this is no longer feasible. Sanitation and cleanliness now demand that we keep meat in safe, cold storage if we have meat of assured quality.

DO YOU WANT TO LIVE LONGER?

One of our contemporaries has laid down the following rules for a longer, happier life. Seems these rules are well worth following:

Learn to like what doesn't cost much—reading, conversation and music.

Plain food, plain cooking.

Fields, trees, woods, brooks, fishing, rowing, hiking.

Learn to like people, even though some of them may be as different from you as a Chinese.

Learn to like to work and enjoy the satisfaction of doing a job as well as it can be done.

The song of the birds, the companionship of dogs, and laughter and gaiety of children.

Gardening, carpentering, puttering around the house, the lawn and the automobile.

Learn to like the sunrise and sunset, the beating of rain on the roof and windows, and the gentle fall of snow on a winter day.

Learn to keep your wants simple. Refuse to be owned and anchored by things and the opinions of others.

WHAT CONTEMPORARIES ARE SAYING

SCHOOL TIME AND SAFETY

Monday morning several hundred school children will be going to school, some of them for their first time. School time puts more responsibility on car and truck drivers who pass our two schools.

The only way the children can reach the schools is to cross one or more streets. Cars and trucks use the streets. Children have been told about the danger of crossing streets, and sometimes they remember to look both ways before crossing. Sometimes they do not remember—until too late. The mind of a little child cannot concentrate on one subject for more than a few moments. It flits from one thing to another every waking hour. One time they may remember to look out for cars at a crossing. The next time they are thinking of little friends in the school room; of a new dress, suit or shoes they are wearing; of pets at home or a bird in a tree overhead or an airplane in the blue; of the books they are carrying or a friendly tussle between two boys; of a picnic trip last summer, or a promised trip to the circus this fall. Their thoughts are usually happy ones—that's why they do not think of things so unpleasant and painful as being knocked down by a car and possibly killed.

Grown-ups must do what the children cannot do—remember to look out for their safety. By slowing down at the schools, watching for the children and protecting their lives will take only 20 seconds more time each time you pass the schools. Isn't the life of a child or two or three children worth 20 seconds of your time?

Little children believe that all the world is good; that everybody loves them just as their parents do. Don't betray that confidence by crippling or killing a little child. You cannot show enough sympathy to the parents of an injured child to console them, or to ease the pain of a suffering boy or girl. But you can do your part to look out for the safety of school children and save your sympathy.—Burk Burnett Star.

The truth is, one's vocation is never some far-off possibility. It is always the simple round of duties which the passing hour brings.—J. W. Dulles.

TEX MOORE AND WIFE RETURN HOME FROM OLD STOMPING GROUNDS IN NORTHWEST

Tex Moore, official cowboy artist of Texas, and his wife returned here last Wednesday afternoon from a two-month vacation trip which took them to New Mexico, through the famed Yellowstone National Park and through points in Montana that are in reality "old stomping grounds" of Moore.

After their return last Wednesday afternoon, Mr. and Mrs. Moore attended last Thursday evening the wedding of Jo Anne McCrary, daughter of Dr. and Mrs. J. W. McCrary, to Will W. Harbert, son of Mrs. Lola Harbert of Hamlin, at the Hamlin Methodist Church. The Moores and McCrarys are friends of many years' standing.

Mr. and Mrs. Moore left July 5 after attending the Texas Cowboy Reunion, Stamford, where Moore was voted a life member. They first went to Clayton, New Mexico, and loafed until Colonel Garrett of Seattle, Washington, could meet them at Raton, New Mexico, on July 9.

The group went to Buffalo Bill's hunting lodge, Pahaska Lodge, where they stayed two weeks. The Moores had stayed at this lodge eight years ago, and from Pahaska Lodge the group went to Silver Gate, Montana, northeast entrance to Yellowstone National Park.

Worst drawback to the Moores' two-month trip was the outrageous charges made for housing and eating accommodations. Only reasonable place they found was at Pine Rest Cabins, Yellowstone National Park, where each paid \$17.50 a week for living accommodations.

The entire group had all the trout they could eat, and Moore and his wife visited with an old friend, Leslie Lovering. They saw exceptional scenery on the entire tour of Yellowstone, and especially were the views outstanding around Silver City, Montana.

After spending two months at Yellowstone National Park, the weather began to get bad, and from the Cody Entrance they came down to Thermopolis and Wheatland, Oregon, where they spent five days.

After the Hamlin couple stopped over at Denver, Colorado, and about 20 minutes after they found shelter for their car, they witnessed one of the worst hail storms in many years. Many of the stones that fell were as large as hen eggs. The couple spent two days at Pueblo, Colorado, but as Moore says they were "getting anxious to return home."

The day after Tex and Mrs. Moore crossed the Raton Pass this area was literally deluged by a cloudburst that caused landslides and considerable damage. In Amarillo they found some Colorado peaches that cost \$3.75 per bushel.

Although forest rangers cautioned tourists not to feed the bears in Yellowstone Park under any conditions, the local couple noticed, on one oc-

casional, a woman tourist from the East who kept feeding a bear pieces of candy and who kept pulling candy away from the animal. Suddenly the bear gave a slap with its paw that severed the woman's jugular vein. She bled to death before she could be taken to a doctor.

On another occasion Mr. and Mrs. Moore saw two children who insisted on teasing a Silver Tip cub. This ended in tragedy when the mother bear killed both children. A forest ranger had to shoot one cub that got in a cabin, one night, and started to wreck the place.

"We saw mostly Yankees from Ohio and Illinois who didn't spend much except on three-for-a-nickel post cards," Moore states. "We were mighty happy to get back home again."

The local people got to visit with Admiral Nimitz, Rear Admiral Byrd, and with Buffalo Bill's grandson, Fred H. Garlowe, and wife.

People in Montana especially are plenty sore at the forest service, the Moores found, for insisting that Pahaska Lodge, one of the major Wyoming landmarks, and a big string of cabins, cafeteria, store, garage, etc., be moved 200 yards. Contention is that Pahaska Lodge obstructs tourist viewpoints, but removal of the buildings would make it impossible to rebuild them as they now stand.

Moore brought back to Hamlin an exceptionally nice pair of elk horns.

Widely known as the official cowboy artist of Texas, Mr. Moore has maintained a studio here many years. He was born in the home of Texas frontier people November 24, 1865. He still enjoys good eye sight, a steady hand and both he and Mrs. Moore always find time to visit with their friends.

Your Electric Meter

Only difference between an automobile speedometer and an electric METER is the unit of the measuring scale—miles or kilowatts.

Suppose you leave on an extended vacation this year. Naturally you put down your speedometer reading and when you return, by subtracting original reading from present, you have total distance traveled. Wouldn't be much fun to make extensive car trip and not know how far you had been.

Same way with electric speedometer—as above reading shows, Reddy has traveled 5,876 kilowatts, and if at the end of next month, meter reads 5,996, Reddy will have traveled 120 kilowatts. Simple, isn't it?

It's fun to keep record of Reddy's monthly trips, and realize that regardless of how constant and how fast he has traveled, and his great distance covered, his cost is amazingly small.

West Texas Utilities Company

REVIVAL AT FIRST BAPTIST CHURCH TO CONCLUDE SUNDAY

Hamlin's Pied Piper football squad will be honored this (Thursday) evening in revival services of Hamlin's First Baptist Church, Rev. John Osteen, pastor, announces.

Rev. A. E. Harrison of Burk Burnett, evangelist conducting the revival, is an ex-football player and will teach this (Thursday) evening on the "Game of Life." Services will begin at 7:30 o'clock.

Exceptionally good attendance featured services Sunday morning and evening. Additions by letter and baptism, were added to the church. Directing song services for the evening, which will continue through Sunday, is Floyd D. McCoy.

In issuing a general call to worship for remaining revival services, Rev. Osteen calls attention to the fact morning worship Sunday will begin at 10:45 o'clock.

Daily revival services are being conducted at 2:30 p. m., with prayer emphasized and visiting afterward; and at 7:30 p. m.

A nursery is being conducted in conjunction with daily services, and people with small children are cordially invited to join their neighbors and friends in revival worship.

Worship goal Sunday morning has been set at 400 people, and congregation members ask that persons not attending church elsewhere to worship with the Baptist congregation. The evangelist's Sunday evening topic will be "Life's Supreme Question."

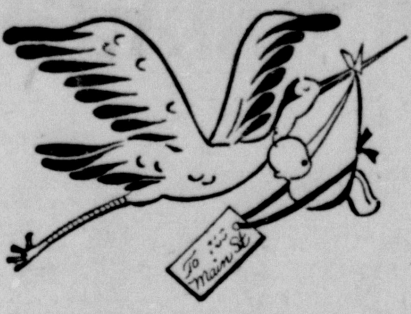

Youth night is being stressed Saturday evening.

"We feel the Lord is with us in this revival," Rev. Osteen said Wednesday, "and we want the entire community to share in benefits of our fall meeting."

Blessed Events

Mr. and Mrs. Parnell Anderson are parents of a daughter, Phyllis Diane. She was born at Stamford Sanitarium September 17, weighing nine pounds, seven ounces. Mrs. Anderson was formerly Vicky Crow, daughter of Mr. and Mrs. Earl Crow.

Mr. and Mrs. John Oates Jr. of Abilene are the parents of a baby boy, born Sunday at Hendrick Memorial Hospital. Mr. and Mrs. John Oates Sr. of Hamlin are paternal grandparents. The new arrival, John Richard III, weighed in at eight pounds and two ounces.

Mr. and Mrs. L. W. Jenkins of Abernathy, who are well known here, are announcing the arrival Monday of an eight-pound, three-ounce son, Ronald Wendell Jenkins.

Senior Class Elects Officers for Semester

Senior class of Hamlin High School met Tuesday afternoon in an organization meeting and elected officers for the ensuing semester as follows: Bobby Crowley, president; Dick Armstrong, vice president; Verlene Stewart, secretary; Jo Hargrove, reporter; sponsors, Mrs. Farrow, Mrs. Holley Toler, Marguerite Nobles and Mr. Williams. Class flower of sweet pea was selected, and rainbow colors were selected as class color.

The seniors, who will be in charge of publishing the school paper, named officers for the publication as follows: Jimmy French, editor; Patsy Fletcher, assistant editor; Bob Miles, business manager; and Ray Myers, assistant business manager.

The senior group is planning several activities during the coming weeks.—Reporter.

PEOPLE OF HAMLIN WARNED AGAINST DISEASE INFLATION

In discussing the possible danger of inflation to the American way of life, in a dispatch to Hamlin area people through The Herald, Dr. George W. Cox, state health officer, has declared that he believes one phase of this menace which should not be overlooked is the danger of inflation in the incidence of disease.

"Just because we have won a war is no reason why we should allow the disease to become higher than in recent peacetime, Dr. Cox said. "Indeed, it is an urgent reason why we should sharply reduce these rates among our people and use every possible effort to keep the health levels among our civilian and military population at their highest possible peak."

The state health officer emphasized once again as he has often done in the past, the necessity for using the more easily accessible, common-sense safeguards of health. Immunization against several of the more killing diseases is available to all, at little or no cost. Such protection should not be neglected and the person who allows himself or his family to suffer from a preventable illness is, whether he realizes it or not, actually handicapping the nation's reconversion effort.

Another health precaution which can and should be practiced in every home and community is careful sanitation; clean clothes, a clean body, and clean home environments do much to prevent the appearance of illness in the home and the safe sanitation practiced throughout the community will help to insure the good health of that community.

"Good, wholesome, nourishing foods, home and community sanitation, and the protection afforded by immunization can do a lot to prevent the needless inflation of the disease and death rates in this country," Dr. Cox asserted.

According to law the designs of coins of the United States may not be altered oftener than once in 25 years.

Electric Organ Ordered By First Baptist Church

Announcement was made this week by officials of the Hamlin First Baptist Church that deposit for a Hammond electric organ had been made with the West Texas distributor in Fort Worth. Delivery of the instrument is tentatively promised for early spring.

A fund for purchase of the organ was started several months ago, says Rev. John Osteen, pastor, and contributions are expected to be completed by delivery of the instrument in order that the entire purchase price may be paid in cash.

Light Showers Come to Area Wednesday Night

Light showers of rain fell in the Hamlin area Wednesday night and early Thursday morning that slowed cotton picking most of the day, as the sun was slow about coming out to dry things off.

Moisture in most areas is sufficient to mature most of the cotton and feed. Season for grains will go a long way toward giving the wheat, oats and barley a good start before real winter sets in.

No man, for any considerable period, can wear one face to himself and another to the multitude, without finally getting bewildered as to which may be true.—Hawthorne.

IDEAL LAUNDRY TO OPEN MONDAY FOR BUSINESS IN HAMLIN

Mr. and Mrs. Clyde Huff are announcing the formal opening Monday of Ideal Steam Laundry, next door to The Herald.

Ideal Steam Laundry has been fully equipped with washers and pressing equipment. Shorty Steed has been engaged to drive the Ideal truck and pick up laundry.

Huff has been home since August 24 of last year. He was in the Air Transport Command of the U. S. Air Corps.

For 26 months Huff was stationed at Chaba Assam, Calcutta, with ATC headquarters.

Telephone number of the Ideal Steam Laundry is 38.

Good Crowd Attends Pension Group Session

An excellent crowd was on hand and keen interest was manifest last Saturday when the Jones County Pension Organization No. 1 met at Stamford.

Effie Shannon, secretary, reports a great deal of discussion at the convocation by members on the pension set-up.

The club's secretary was instructed to write the state pension secretary for information concerning certain problems that our aged — and pension groups face.

Modern Laundry

We bespeak for you a successful business in bringing to our town and community this long needed enterprise.

STANLEY AND ART

Carmichael Brothers

Announcing the Opening of the IDEAL STEAM LAUNDRY Monday, Sept. 30

After many weeks of building, decorating and trying to locate equipment for Hamlin's new Steam Laundry, we are happy to state that we will be ready for business next Monday morning. We welcome our friends in to see this newest business enterprise in a growing Hamlin community.

We appreciate the patience of our friends during the trying weeks of preparation for this opening event. Our hope is that your long wait for this laundry service will be well repaid in pleasant business relations and satisfactory laundry work.

At-Your-Door Service

Have your bundles ready Monday morning — and please make them large ones! Shorty Steed has been engaged to drive our truck and pick-up for the laundry.

Let Ideal Do Your Washing Drudgery

Offering you a new back-saving service for the Hamlin territory, we seek your patronage on the assurance that we will give you the quality of workmanship you have a right to expect.

We do earnestly solicit your patronage, and we assure you that we will do our best to give you the finest laundry service possible.

You are cordially invited to visit our modern, fully equipped plant, located next door to The Hamlin Herald.

ROTAN GRIDSTERS BEAT HAMLIN 13-6 IN FRIDAY MELEE

In one of those initial home games that keep fans on their toes until the buzzer sounds, Hamlin's Pied Pipers held the Rotan Yellow Hammers to a win of 13-7 here Friday evening. Outstanding for Hamlin were Joe Weir, end; Billy Jack Owens, back; and Benny Houghton, reserve back, who gave out with an outstanding performance.

Benny, in the season's first home game, took Rowland's place (Rowland is out with a bum knee), and after Friday's game fans hope to see more of Houghton this season. Hamlin scored with Owens taking the ball on a left end run. Games in the area provided some week-end surprises, and results include:

Rotan 13, Hamlin 7; Merkel 24, Hanson 6 (this game was a big upset); Stamford and Snyder, tied with a score of 6 to 6; Haskell tied Rule, all, Munday tied Seymour 6 to 6; DeLeon beat Albany by a score of 1 to 0; and Throckmorton defeated Abilene's B team 6 to 2.

Sports observers point out that Throckmorton could provide some surprises on the gridiron this season, and Munday, in view of their recent games will bear watching.

Hamlin's lineup Friday evening included Franks, Weir, Crowley, McTurley, Sedberry, Blanton, Myers, Dean, Owens, Butler, Houghton.

The HAMLIN HERALD can fill our printing needs.

WEAPONER AT TEST

"Weaponer" who made history with the first atomic bomb is Rear Admiral William S. Parsons of the U. S. Navy, above, chief assistant to Admiral Blandy in the coming Bikini tests. He was assigned to the Manhattan Engineer District at Santa Fe, New Mexico, for the atomic bomb experiments in 1943.

Assembly of God Will Close Revival Sunday

Announcement was made to The Herald this week by Pastor Paul Joyner of Hamlin Assembly of God Church that their revival enters its fourth and final week. The services will run through Sunday, September 29.

Rev. D. F. Ferguson, evangelist from Arkansas, is doing the preaching. Rev. Joyner reports the services have been going good and urges the public to attend the services which begin each evening at 8:00 o'clock.

A. P. PATTERSON, 54, DIES AFTER ILLNESS AT ABILENE HOPITAL

A. P. Patterson, 54-year-old Hamlin citizen, passed away at 6:00 a. m. Saturday at Hendrick Memorial Hospital, Abilene, following a several-month period of failing health.

A resident of Hamlin since 1923, Mr. Patterson came to Texas from Compact County, Mississippi.

Funeral services for Mr. Patterson were held Sunday afternoon, 3:00 o'clock, at Hamlin's First Baptist Church.

Rev. John W. Osteen, pastor, assisted by Rev. B. J. Martin of Ballinger, former Hamlin pastor, and Rev. J. Henry Littleton of Abilene, officiated.

Patterson had been a member of the Baptist Church since the age of 19 and the past 25 years was a deacon in the church, holding the position as general secretary in Sunday School work at the time of his death.

Pallbearers, deacons in the Hamlin Baptist Church, were Tate May, Ted Russell, Horace Brown, B. L. Bristow, Johnny Hines and W. A. Albritton.

The veteran Hamlin resident is survived by the widow; one son, LaFoy Patterson of Hamlin, insurance representative; two granddaughters; five brothers, E. E. Patterson of Rotan, S. W. Patterson of Leveland, L. B. Patterson of Munday, T. C. Patterson of DeLeon and Mack R. Patterson of Arcadia, California; two sisters, Mrs. A. R. Jarrett of Temple, Oklahoma, and Mrs. C. L. Gray of Rotan.

Barrow Funeral Home had charge of funeral arrangements, and interment was made in East Cemetery.

CONTRACTORS AND BUILDERS

We Salute Hamlin's Newest Business Institution...

Hearty good wishes for a successful operation of this new business enterprise that adds much to the modern facilities of our town and community.

That you, Mr. and Mrs. Huff, will be given the patronage by an appreciative group of people in this territory, which we feel you deserve is the sincere wish of your community's bank.

FARM LOAN GROUP GETTING ANOTHER DIVIDEND PAYMENT

Joe Breed, secretary-treasurer of the Jones County National Farm Loan Association at Anson, reports the association is mailing out, within the next few days, checks to stockholder members as of June 30.

This will represent the second five per cent dividend paid on the association's outstanding capital stock within the past 12 months.

The association's officers and directors are glad to be able to make a second dividend payment, Breed says, because after taking into consideration such dividends it makes the average interest on Federal Land loans for the association's borrower members cost only 3.42 per cent.

A Herald reporter learns that between 400 and 500 landowners are being benefitted by these dividend payments, and by the unusually low interest costs made available by the facilities of the local farmer-rancher cooperative.

The association is anxious to assist worthy farmers and ranchers in

Hamlin Pastors to Go to Tri-State Convention

Rev. Lucille Liles and Rev. Alice Harrell of the Hamlin Foursquare Gospel Church, it was announced Wednesday, will attend the Tri-State convention at Camp Lueders October 1, 2 and 3.

A number of Hamlin church members are also planning to attend the three-day gathering.

Announcement was made that there was no Wednesday evening prayer service at the local church,

the purchase of land, in refinancing outstanding land mortgages, in making improvements, and in connection with other general agricultural operations.

Federal Land Bank loans must be secured by first liens on farms or ranches, and are based on normal agricultural or ranch values.

Mrs. Maud Pittman is assistant secretary-treasurer of the Jones County National Farm Loan Association, and the directors are W. D. Crumpler, Anson, Joe Culbertson, Hamlin, R. B. Buie, Stamford, L. H. McBride, Hamlin, and C. F. Upshaw, Stamford.

SYLVESTER WOMAN RELEASED ON BOND AFTER SHOOTING

Mrs. Carrie Eoff, 39, of Sylvester waived examining trial Sunday morning in Roby at 11:00 a. m. and was bound over under \$3,000 bond on a murder charge in connection with the fatal shooting of her husband, Fred Eoff, 46, in their cafe at Sylvester Saturday night about 11:30 o'clock.

So The Herald learns from Roby officers, who say the murder charge was filed in the examining court by Fisher County Attorney E. F. Campbell.

The victim, it is reported, was killed instantly by a bullet from a .22 caliber rifle, which entered one shoulder but apparently ranged downward to strike Eoff's heart, according to Sheriff R. L. Wilkins of Fisher County.

The tragedy occurred inside the cafe, after it had been closed for the night.

Acting as magistrate in the court room at Roby Sunday was Roy F. Formway, county judge. The bond binds Mrs. Eoff over to action of 104th District Court at its October 4 term in Roby.

Mrs. Eoff's parents, Mr. and Mrs. J. L. Wright and two brothers, Thomas and Johnny Wright, all of Fort Worth, arrived in Roby about an hour before time set for the examining trial Sunday. Also in the court room was the only son of the Eoff's Clayton, 21, a discharged army veteran of Sylvester.

Writing in The Abilene Reporter-News, Oleta Parker, continues:

"Mrs. Eoff made bond immediately after it was set, and departed with her parents.

"Sheriff Wilkins said he received a telephone call from some one in Sylvester, while he was in Rotan on business Saturday night, reporting that an extremely loud quarrel was in progress at the cafe.

"Wilkins and the county attorney went to investigate, but when they arrived the shooting had occurred. Mr. Eoff's body was taken to Wells Funeral Home at Sweetwater."

Funeral services for the shooting victim were held Wednesday afternoon, 2:30 o'clock, from the Funston Baptist Church near Anson.

Wells Funeral Home directed arrangements, and burial was made in Funston Cemetery.

Mr. Eoff is survived by the widow; an only son, Clayton Eoff of Sylvester; four brothers, J. M. Eoff of Sylvester, Luther Eoff of San Diego, California; Elza Eoff of Camp Lee, Virginia; Frank Eoff of Long Beach, California;

Six sisters, Mrs. Versie Blakley of Snyder, Mrs. Velma Abel of Big Spring, Mrs. Lela Wright of Cleburne, Mrs. Elsie Rippetoe of Alamogordo, New Mexico, Mrs. Allie V. Myers of Vallejo, California, and Mrs. Ora Fomby of Amarillo.

Office supplies at The HERALD.

ACCEPTABLE WORSHIP

Referring to the worship of certain Jews, Jesus said, "But in vain do they worship me, teaching as their doctrines the precepts of men" (Matthew 15:9). Men may refuse to recognize the existence of any such thing as "vain worship," but these terms remain in the vocabulary of Jesus.

Paul accused the philosophers of Athens of worshipping the true God in ignorance (Acts 17:23); he commanded them to repent of such (verse 30); he pointed to the coming judgment as a reason for their repenting (verse 31). Then the way people worship is of sufficient importance as to be dealt with in the judgment of the last day.

The elements of Christian worship are set forth in John 4:23-24. Jesus states that God is the recipient, not idols, it must be spiritual, and it must be performed according to truth.—J. C. Scott, Minister, Church of Christ.

County Officials to Talk To Pension Unit Meet

Bill Dunwoody, Jones County sheriff, and William B. Teague, both of Anson, are scheduled to be principal speakers Saturday afternoon, 2:30 o'clock, at Stamford when the Jones County Pension Organization No. 1 meets in regular session.

According to Effie Shannon, pension organization secretary, a considerable amount of business will be transacted.

General public is cordially invited to attend the convolve. Betterment of the aged and increase in monthly pension rate for each recipient is a major goal of the Jones County organization.

Air Mail Postage Will Be Reduced October 1

Postmaster Perry Sparks announces this week that all air mail postage as of October 1 will be five cents per ounce to any part of the United States or its possessions.

Heretofore, air mail postage within the United States proper has been eight cents an ounce and 10 cents to its possessions.

The five cents rate also applies to the armed forces—no matter where that air mail going to members of they are stationed. The postage on air mail letters to these men and women formerly was six cents.

Our son contends that the chemical formula for water is H₂JKLMO because the teacher said it was H₂O.

Let's Go to the FAIR

DALLAS—OCTOBER 5-20

Whether you visit Lone Star's State Fair of Texas Building to have a drink of ice water, take off your shoes and rest in air conditioned comfort or to see the most spectacular display of gas appliances ever assembled in Southwest, the Lone Star welcome mat will be rolled out to greet you. It's a magnificent building filled with all those postwar home wonders you've been reading about. Imagine seeing not one but four "New Freedom Gas Kitchens" complete in every detail. These kitchens are just a hint of the scope and magnitude of the building's exhibits. You'll see 1947 Servel Gas Refrigerator, Newest Ranges, all sorts of Vented Heating equipment and information on how to install and use it, Water Heaters that won't rust out, and you'll see how gas is used in Texas industrial plants and business institutions.

You are cordially invited to make Lone Star Gas Building your headquarters while visiting the Fair!

WAC CAPTAIN CAROLYN GREENWAY GOES TO NEW EUROPEAN POST AS DUTY CLIMAX

WAC Captain Carolyn F. Greenway, daughter of Mr. and Mrs. Roscoe Greenway, left the Army Air Force Technical Training Command headquarters at Scott Field, Illinois, this week for the European Theater, where she will serve as an administrative officer, it was announced this week from Scott Field.

With more than 48 months of service in the Woman's Army Corps, Captain Greenway's military history has gradually turned itself away from her civilian occupation and entered into an administration capacity.

After graduating from Hamlin High School and West Texas State College, she taught speech and physical education at Ropesville and physical education at Las Cruces, New Mexico. She was teaching swimming at the University of Mexico before she entered the WAC in July, 1942.

After her basic training at Fort Des Moines, Iowa, she went through officers' candidate school, graduating in September, 1942. Her first assignment was as an assistant director of physical education at the WAC detachment at Daytona Beach, Florida. She later was assigned to Fort Devens in charge of WACs before their departure overseas. After another stay at Daytona Beach, she served as a physical education director at Fort Oglethorpe, Georgia, until November, 1943.

She entered Western Technical Training Command headquarters at Denver in November, 1943, and was on special duty with the public relations section of the Central Technical Training Command headquarters at St. Louis. She was with the training and operations section of Western Tech when it submerged with Central Tech in July, 1944. Upon the merging of all commands into the one technical training command in October of last year she was assigned as chief of the miscellaneous training section of the training and operations section.

Captain Greenway holds the Army Commendation Ribbon, an award

KANGAROO STYLE

The Australian war bride who brought from "down under" this sturdy cotton baby pouchette vouches that it is an adaptation of the kangaroo's method of carrying her babies. Introduced in America by Macy's New York, the pouchette is equipped with a comfortable cushion seat. Just adjust the shoulder straps, hoist the baby and you're set to go.

John Thompson Takes Anson C of C. Position

John C. Thompson, former secretary of the Texas Cotton Ginners Association and editor of the Cotton Ginners Association Journal, who returned several weeks ago to his South Jones County farm, has assumed management of the Anson Chamber of Commerce. He succeeds Everett Beavers, who was recently appointed to fill the unexpired term of his late father, B. T. Beavers, as Jones County school superintendent.

The new Chamber of Commerce manager was Jones County school superintendent from 1920 to 1924 and had taught school in county schools for 10 years prior to that time.

Two Toughies Gone, So Hamlin's Rate Not Bad

District football standings to date, for benefit of Hamlin area sports fans, follow:

	W	T	L
Throckmorton	2	0	0
Munday	1	1	0
Anson	1	0	1
Stamford	0	1	0
Haskell	0	1	1
Albany	0	0	1
Hamlin	0	0	2

which ranks next to the Air Medal and is presented for outstanding meritorious duty. She also wears the old WAAC service ribbon, the World War II Victory Medal and the American Theater Ribbon.

Her sister, Mrs. D. W. Barron, resides at Borger. She also has three brothers, all with military service in the Air Corps, Navy and Paratroopers, the latter now in the army of occupation in Japan.

18-Year-Olds Must Still Register for Draft As They Reach Age

Every male resident of Jones County upon reaching his eighteenth birthday must register with the Jones County Draft Board, clerk of the board at Anson said this week. Because they are not eligible for induction before reaching the age of 19, many young men in this category are under the impression that it is not necessary to register before that time.

No man have been inducted during July and August, but the local board expects to be notified the latter part of this month the number of men to be called in September.

Under existing directives, any physically qualified man between the ages of 19 and 30 is eligible for induction in the September call unless he is entitled to exemption because of prior service in the armed forces. Students preparing to be dentists, doctors, and veterinarians may be deferred provided they are far enough along to be accepted as pre-med students by the schools in which they are studying. Any student who

has not completed his high school training may be called after his graduation or his twentieth birthday, whichever is first. Men deemed essential to the national existence may also be deferred.

According to a new directive, the classification of men who were on active duty in the armed forces for less than six months may be reconsidered.

Some fellows seem to have an un-corking good time at beer parties.

15 Additions Reported By Foursquare Church

Total of 15 additions to the church are reported for the Foursquare revival meeting, which closed Sunday. Six additions were by baptism in water and nine united with the church.

Rev. Earl Ledbetter conducted the preaching services for the meeting. A stirring message was given Sunday evening on "Hell, Incorporated."

LEAK-PROOF PISTON RINGS

"THERE'S THE PLACE TO HAVE YOUR CAR FIXED, JOE. HE GETS HIS PARTS FROM... MANNY S. JOHNSON MOTOR SERVICE"

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

NEW, HIGHER PAY FOR ARMY MEN

NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mr. and Mrs. Hugh Jeffrey and Mr. Frank Jeffrey visited relatives in Vernon Thursday and Friday. Mrs. Jack Stone and son shopped in Hamlin Saturday. Mr. and Mrs. Phil Murphrey of Lubbock have been visiting Mr. and Mrs. A. F. Dozier. The McCaulley football team beat our boys in a game at McCaulley Friday afternoon. The scores were 14 to 6 in favor of McCaulley. Our team plays Divide here next Friday afternoon. A box supper at the school auditorium Friday evening to raise money for a building for the GI school, netted the boys \$1,000. Harley Sadler of Sweetwater was the auctioneer. Out-of-town visitors for the occasion included Tate May of Hamlin, R. B. Tanner of Roby and Levi McCollum of McCaulley. "The Happy Go Lucky Boys," a string band from Sweetwater, furnished the music. Private James A. Pursley, who has been in Italy the past eight months, was home on a three-day pass from San Antonio. He expects to be discharged about October 5. He is the son of Mrs. A. W. Pursley. Mrs. Albert Maberry and children and Mary Ellen Montgomery shopped at Sweetwater Saturday afternoon. Other relatives visiting Mrs. Pursley Sunday was Mr. and Mrs. Wayne Pursley and children of Roby, Mr. and Mrs. Fred Fountain of Roby and Eldon Pursley of Abilene. Mr. and Mrs. Robert and E. C. Smith went to Monahans Saturday where their brother, Carl Smith, is seriously ill. G. S. Barnes was carried to a Rotan hospital Friday morning. His condition was improved Monday. Mrs. Clay McElyer entered Callan Hospital at Rotan Monday. Mr. and Mrs. Jim Young and family of McCaulley visited their daughter, Mrs. Tommie Parsons, and Mr. Parsons Sunday. Dorothy Lee Beard who is teaching at Noodle spent the week-end here with her parents, Mr. and Mrs. Bob Beard. Mr. and Mrs. H. R. Howard of Tar-

McCaulley Women See Womanless Wedding

McCaulley Home Demonstration Club observed its annual August picnic at the tabernacle. About 100 people of the community attended the happy occasion. Rev. J. C. Richardson, Methodist pastor, expressed thanks for a sumptuous feed of good home cooking. The group was made to realize our blessings more keenly by the expression of a British bride present, who remarked "Oh, that my parents were here." Following the supper, Mrs. J. A. Jackson introduced Mrs. Boles, new home demonstration agent of Roby, and Mrs. Boles' friend, Mrs. Shipp. The program, directed by Mrs. C. A. McHone, consisted of a womanless wedding, which was a most hilarious affair. Those in the wedding party were: George Darden, minister; Holman Boyd, bride; Buford Griffin, groom; Jim Fancher, father of the bride; Louis Boyd, mother of the bride; James Edward Lawless, flower girl; Ted Abbott, ring bearer; other attendants were Ben Kemp, Joe Miers, John Prather and Charlie Wayne Lee. Luther Rector objected to the marriage on the grounds that the bride was only 13 when she should have been at least 14. However, the objection was overruled by Preacher Darden, who held out for the wedding fee of \$1.25.—Mrs. Boyd, Reporter.

Billy Wayne Hallmark Honored on Birthday

Billy Wayne Hallmark was entertained on his fifth birthday with a party Monday afternoon at the home of his mother, Mrs. Odd's Hallmark. Present were Jeffrey Mac Fields, Yvonne Conner, Jeannie Kidd, Sandra Sue Smith, W. H. Hallmark, Jimmy Doyle Blackwell, Bobby Jack Hindman, Sandra Kay Bury, Jo Don Helms, Sarah Snapp, Peggy Sue Helms, Louise Snapp, Sandra Kay Helms, Paula Ann Andress, Glynda and Billy Hallmark and Mrs. Mae Fields, Marie Snapp, Inez Helms, Mrs. Buck Wilemon, Myrle Bury, Katherine Smith, Mrs. L. S. Magee and the hostesses, Mrs. Ruth Hallmark and Margie and Elma Ree Brewer. After a series of games, gifts to the honoree were opened. Blue and white birthday cake with ice cream was served to attendants.

Junior Class Elects Officers and Sponsors

Wednesday the Hamlin School Junior Class held a meeting and elected class sponsors and officers for the ensuing year. Mrs. Jimmy Simmon, Mrs. Tate May and Coach L. B. Howard were named sponsors. Junior class officers elected are: Jack Owens, president; Wayne Lang, vice president; Aubrey Altum, secretary-treasurer; Lupe Cave, reporter. With their sponsors backing them, the school's junior class is looking forward to a highly successful school year.

The picture on the one dollar bill is a copy of Gilbert Stuart's portrait of George Washington.

zan spent Thursday and Friday with Mrs. Howard's parents, Mr. and Mrs. J. P. Montgomery.

Mr. and Mrs. Waldo Cox visited relatives at Rising Star the past week. Mr. and Mrs. Lee Hollis and daughter visited Sunday in the home of Mr. and Mrs. Leon Dickerson.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

McCauley High School football team wins second game of season, by defeating a fast Sylvester team last Friday by a score of 13 to 6. Sylvester's only score was a pass completed over the goal line in the last quarter of the game. The McCauley team featured end runs and through the line. It was a good game and many thrills for the fans from both towns.

Mr. and Mrs. Jim Blakely from East Texas are visiting her brother, J. D. Maberry, and family for a few days.

Seven patrons of the McCauley post office took the examination for the job as postmaster at McCauley last Friday. Examination was held at Roby. Usually the Congressman recommends one of the persons who make the three high grades for the job. We have noticed in the past that the Congressman carries a big stick when it comes to a showdown.

Well Henry Wallace resigned his place in the presidents cabinet last Friday and made a five-minute radio speech Friday night. We can't figure out just what Mr. Wallace is after but if he thinks that Russia or any other nation is due the secrets that Uncle Sam has in his possession regarding the atomic bomb, then Henry is as wrong as a fox in your chicken yard. This country got caught with her pants down two times within the past 25 years, then we shipped scrap to Japan knowing full well that such a nation couldn't be appeased for long. We can keep the

peace by carrying the biggest stick and that's the only way.

Thanks to Mrs. Paul Beavrs for a year's subscription to The Herald.

Mr. and Mrs. S. E. Miers left for Dallas last Saturday, where Mrs. Miers will undergo treatment in a Dallas hospital.

Mr. and Mrs. Granville Dean and daughter and Mr. and Mrs. Ellis Eivens and children of Sort Worth attended the funeral of their grandmother, Mrs. G. W. Martin, in McCauley last week.

Bobbie George Maberry of the U. S. Army is home on leave for the first time since enlisting in the army. He has recently been stationed in New Jersey but will go from here to California where he will be in training. He is the son of Mr. and Mrs. George Maberry.

From Jonesboro, Arkansas, comes the announcement of the arrival of a daughter born to Mr. and Mrs. Jack Maberry. Her name is Elizabeth Ann, and she arrived September 16. Weight seven pounds, four ounces. Father Jack is a former McCauley boy. While serving in the Marines Jack met and married an Arkansas girl and they are now making their home in that state. Congratulations.

Mrs. G. W. Martin, long time resident of this community, passed away September 18, at 12:30 p.m. Linnie Jane Ludlow was born October 29, 1886 in Arkansas and was married to G. W. Martin December 1906. To this union were born eight children, five preceding her in death. Survivors are her husband, G. W. Martin of McCauley; Mrs. Annie Eivens of Fort Worth, Frank Martin of Hamlin and Wiley Martin of Amarillo; also 14 grandchildren and 11 great-grandchildren. Mrs. Martin was a devoted member of the McCauley Methodist Church and a member of the Eastern Star. The passing of this good woman is a severe loss to the community as well as her church and lodge.

Mr. and Mrs. Bird Rector from Hermleigh visited last week in the

home of her sister and family Mr. and Mrs. George Maberry.

Mrs. Zelma Rush of Hamlin visited friends in McCauley one day last week.

Mrs. Wayne Webb underwent minor surgery at a Rotan hospital last Saturday.

The George Darden family spent last Sunday in the home of his parents Mr. and Mrs. M. A. Darden, at Girard.

Kent County voted last Saturday to determine whether or not said county would legalize the sale of beer and wine. She stayed dry by a four to one vote.

Comment No. 1—There is a lot of disturbance in the good old U.S.A. It seems that crime is on a rampage. Every paper you pick up there is a horror story. Even Fisher County is breaking into the news—from petty thievery to murder. Several business establishments at Rotan were burglarized last week. People are reporting the loss of gasoline from gas barrels at farm homes. Cafe operator was shot to death in a downtown cafe at Sylvester last Saturday night.

Cotton is bringing around 35 cents per pound, maize is a good price, black market cars and black market lumber, boot leg whiskey and home brew and no beef steak make things look rather gloomy in a country

where we should be thankful for winning a war and getting the boys back home.

High officials in government are at each others' throats. Nero is playing the fiddle while Rome burns. Prices on vital necessities are soaring skyward. Folks are in too much of a hurry to weep with those who weep and laugh with those who laugh. There is but one answer—"greed" is the cause of it all. Death stalks the highways because—whiskey and gas—line won't mix, yes the world is in a turmoil and it's time people do some sober thinking.—A Darden-O-Gram.

The firm, without pliance, and the pliant, without firmness, resemble vessels without water, and water without vessels.—Lavater
